Executive Summary

1. Background & Objectives: Saiyuen Adventure Park in Cheung Chau, Hong Kong, is an 11-acre venue offering camping/glamping stays and outdoor activities. As its accommodation strengths are not fully utilised, we conducted an audit of the guest journey, focusing on Front Office and Housekeeping.

2. Business Environment: Eco/outdoor tourism is encouraged by government initiatives, but compliance with zoning, safety and hygiene rules is required. Demand is lifted by tourism recovery and social-media “experience travel”, while OTA booking raises expectations. Guests are mainly young adults and families; we recommend youth 20–35 as primary, families as secondary, and corporate/event groups as tertiary. The promise is “family fun through outdoor adventure”, but messaging is sometimes inconsistent.

3. Audit Findings: The website booking flow is clear, but the direct-booking reschedule privilege is not highlighted and upselling is weak. A test call was answered in 3 seconds; staff were professional, but there is no transport support for luggage or elderly guests. Review analysis (36 positive, 24 negative; mainly 2022–2024) praises scenery, activities, cleanliness and staff, but complaints focus on price–value mismatch and housekeeping/maintenance problems. Some guest photos show stains, mould and dirty bedding.

4. Recommendations: Three key proposals are prioritized: 1) For Housekeeping, a digital inspection system should be implemented to address cleanliness lapses, enhancing perceived value; 2) Front Office should adopt a formal service recovery protocol to manage complaints and improve staff responsiveness; 3) Daily cross-departmental briefings between Front Office and Housekeeping will align operations and prevent service gaps.

5. Conclusion: This audit reveals that Saiyuen’s unique glamping experience is well-received, yet inconsistencies in housekeeping, service communication, and inter-departmental coordination hinder its full potential. By implementing the above evidence-based measures, the park can strengthen operational cohesion, elevate guest satisfaction, and secure a stronger competitive position in Hong Kong’s experiential lodging market.

1. Introduction

Saiyuen Adventure Park is located on the southwest side of Cheung Chau, Hong Kong, with a site area of over 11 acres. It is a camping and outdoor activity venue that centres on themed camping and glamping accommodation (Saiyuen Camping Adventure Park, n.d.-a). In addition to accommodation, the park also offers a selection of outdoor activities as part of the on site experience.

Saiyuen offers a wide set of themed stay options. Examples include Oasis, Sunset Vista, Fantasy, Geodesic Dome, Mongolian Ger, Native American Teepee, African Safari Tent, and a Wild Camping scheme (Saiyuen Camping Adventure Park, n.d.-b). These options vary in setting and comfort level, giving guests different ways to experience an outdoor stay on the island.

The project brief notes that Saiyuen's accommodation strengths have not been fully utilised. In response, our team takes the role of a consultancy group to conduct a remote operational audit, with the review focused on Front Office and Housekeeping, to identify the most significant issues along the guest journey and to develop prioritised, feasible recommendations.

2. Business Environment Analysis

2.1 PEST Analysis

The operation of Saiyuen Camping Adventure Park is shaped by a variety of macro-environmental forces, detailed as follows:

Political: Hong Kong's government has launched various initiatives like *Tourism Industry Development Blueprint 2.0* to support eco-tourism and outdoor tourism growth (Hong Kong Policy Address, 2024), but require compliance with zoning, safety, and hygiene regulations (AFCD, 2025).

Economic: Post-pandemic recovery has boosted Hong Kong tourism and short-haul travel demand (CBRE Hong Kong, 2025), with locals increasingly taking premium

staycations and experiential trips (Future Market Insights, 2025). Hong Kong welcomed rising visitor numbers, especially from nearby markets, supporting demand for unique lodging like glamping.

Social: The focus has transitioned from material goods to experiential lifestyles. The “experience travel” and social media visibility determine destination popularity. Families and social groups seek secure, private spaces for outdoor interaction. There is also a rising demand for sustainable, eco-friendly tourism (Omega Consulting, 2025).

Technological: Digital booking systems and OTA platforms drive reservations and guest engagement, while AI, IoT, and smart tech enhance personalization and operational efficiency in hospitality (Boston Brand Media, 2025). These trends are reshaping service delivery and guest expectations in experiential tourism.

2.2 Target Market Analysis

Based on its website visuals, social media content, and online reviews, Saiyuen’s current guests are mainly young adults seeking novel outdoor experiences and middle-class families engaging in nature-based bonding activities. These groups value themed settings, shareable moments, and short-haul escapes.

Strategically, local youth aged 20–35 should be the primary target market, as this group seeks memorable experiences, is often willing to pay a premium for unique stays, and enthusiastically shares their visits online, which effectively becoming voluntary marketers. Quality-focused families should serve as a secondary core segment due to their strong demand for safety, hygiene, and educational value, which supports repeat visitation. Corporation and school represent a tertiary segment, offering high-value group bookings that help stabilise revenue during off-peak periods.

2.3 Value Proposition Assessment

Saiyuen's value proposition for its accommodation primarily centres on family fun and outdoor adventure. Its accommodation and activity offerings emphasise shared exploration,

nature engagement, and themed outdoor play, closely aligning with its mission to make outdoor education accessible while preserving Cheung Chau’s authenticity (Saiyuen Camping Adventure Park, 2025). While the overall proposition of “family fun through outdoor adventure” is strong, clearer communication across channels is needed to reinforce this identity for different target segments.

2.4 Competitive Environment Analysis

To better understand Saiyuen’s accommodation positioning in the market, we compare some key competitors in Hong Kong’s “glamping-style” accommodation market. These competitors vary in terms of experience focus, comfort level, and ancillary activities, giving Saiyuen both opportunities and pressures in defining its unique value proposition.

Key Competitor Comparison:

Competitor	Type	Location	Experience Focus	Target Segment
Saiyuen Camping Adventure Park (Saiyuen Camping Adventure Park, 2025)	Themed tents, domes, gers	Cheung Chau	Adventure activities & outdoor stay	Families, youth groups
Long Coast Seasports (Time Out Hong Kong, 2025)	Outdoor glamping & adventure	Cheung Sha Beach, Lantau	Water sports & safari tents/caravans	Active families, adventure seekers
Park Nature Hillside (Park Nature Hillside, 2025)	Outdoor glamping & campervans	Ta Kwu Ling, New Territories	Luxury caravans & themed outdoor accommodation	Pet-friendly families, groups
WM Hotel Hong Kong (WM Hotel Hong Kong, 2025)	Rooftop glamping staycation	Sai Kung (Urban hotel)	Rooftop “glamping” & hotel amenities	Couples & staycationers seeking comfort

Overall, while Saiyuen’s diversified activity offerings differentiate it from simpler

accommodation options, some competitors present close alternatives for consumers highlighting the importance of clear positioning and targeted marketing.

3.Audit Findings

3.1 Digital Front Office Experience

3.1.1. Web Journey & Booking Flow

Process Recreation: The user visits the Saiyuen official website. The homepage visual prioritizes outdoor panoramic imagery. The "Book Now" option is distinctively color-coded for visibility and located adjacent to the bilingual language selector (English and Traditional Chinese).

Clicking “Book Now” redirects to the booking engine. The process logic is streamlined: users first select dates, the number of rooms, and guest requirements (with specific age segmentation for adults aged 12+).

Subsequently, the system displays a detailed inventory of room types and offers multi-currency options.

Notably, the booking engine clearly distinguishes between "Shared bathroom" and

"Private bathroom" facilities, effectively mitigating potential user confusion.

At the checkout stage, following standard user information entry, the system supports various payment gateways including Visa, WeChat Pay, and Alipay, demonstrating high accessibility for both Mainland and international travelers.

Pros & Cons Analysis:

Usability: The user journey is seamless with fast loading. The currency converter and diverse payment gateways reflect strong international readiness.

Clarity: Key facility information is displayed intuitively via icons.

Improvement: The "Direct Booking Reschedule Privilege" (2-day advance notice for non-severe weather) is not prominently displayed, missing a strategic opportunity to drive direct conversions.

Sales Opportunity: The flow lacks active "upselling" mechanisms. Cross-selling options (e.g., BBQ packages, adventure activities) are present but could be more aggressively promoted via pop-ups during the room selection phase.

3.1.2. Telephone Communication Evaluation

Process Record:

Efficiency: Call answered in 3 seconds (Test: Dec 19, 15:40).

Key Findings:

Weather Policy: Staff clarified that rescheduling is permitted during Typhoon Signal No. 8. They highlighted the Direct Booking Benefit, allowing changes 2 days in advance for non-severe weather.

Facilities: Confirmed no internal shuttle service exists; guests must walk to tents, though night patrols ensure safety.

Professional Analysis:

Service: Staff demonstrated high professionalism with fluent Mandarin and a patient attitude towards tourists.

Competence: The explanation of complex policies was rapid and logical, indicating robust SOP training.

Gap: The confirmed lack of transport assistance for luggage or the elderly reveals a significant hardware pain point for such an expansive park.

3.2 Operations & Service Quality

3.2.1 Review Data & Methodology

We collected 36 positive and 24 negative guest comments (most from 2022–2024) from OTA and review platforms, as well as social media. After removing duplicates, adverts and low-detail posts, we retained only comments with clear details on stay experience, service, cleanliness and facilities.

3.2.2 Analysis of Positive Comments

3.2.2.1 Overall Sentiment

Across platforms, online ratings suggest broadly positive sentiment. Klook, Wanderlog and Google Maps all average about 4.1/5.0, while Trip.com scores 7.3/10 ($\approx 3.7/5.0$). TripAdvisor is lower at 2.8/5.0, but this is based on only four reviews and is therefore not very representative.

Figure B2.1 Ratings across major OTA and review platforms.

3.2.2.2 Main Strengths

Based on various positive themes, four main strengths emerge.

a. Environmental Strengths: pleasant, relaxing natural environment; spacious grassy grounds; island scenery; sea and sunset views; nearby or secluded beach; quiet escape from the city.

b. Activity & Family Strengths: wide range of family-friendly adventure activities; climbing, treetop walks, zip lines and abseiling; swings and playgrounds; goats and other animals; large lawns for free play; BBQ-friendly set-ups; live music and festive event atmosphere.

c. Accommodation & Housekeeping Strengths: clean tents, domes and yurts; clean shared toilets and showers; private bathrooms with hot water; comfortable beds; effective air-conditioning; spacious, well-equipped interiors; convenient drinking-water points.

d. Service & Experience Strengths: helpful, friendly reception staff; fantastic staff overall; patient activity coaches; flexible booking changes; hassle-free camping packages; many guests describing “unforgettable” stays and expressing willingness to return.

3.2.3 Analysis of Negative Comments

The issues reflected in negative reviews were categorized into three main areas: Front Office, Housekeeping, and Product issues, with several common sub-issues identified under each category.

3.2.3.1 Comparison for the three major issue categories:

Percentage of Comments by Three Major Issue Categories (%)

3.2.3.2 Sub-issues from three major issue categories:

a. Front Office Issues:

Sub-issue	Occurrence Count	Approximate Proportion
Poor staff attitude	4	16.7%
Unprofessional service/communication issues	2	8.3%
Refund problems	2	8.3%
Ineffective problem handling	2	8.3%

b. Housekeeping Issues

Sub-issue	Occurrence Count	Approximate Proportion
Maintenance problems	6	25.0%
Cleanliness issues	5	20.8%
Pest issues	5	20.8%
Facility malfunctions	3	12.5%
Poor public area hygiene	2	8.3%

c. Product Issues

Sub-issue	Occurrence Count	Approximate Proportion
Poor value for money/high prices	13	54.2%
Poor experience	4	16.7%
Missing facilities	3	12.5%
Noise issues	3	12.5%
Inconvenient location	2	8.3%

3.2.3.3 Main Issues

Based on the analysis of negative reviews, several operational and service quality issues have been identified.

- a. **Severe Mismatch Between Price and Value:** Over half of the negative reviews point out high prices and unsatisfactory experiences, directly impacting customer satisfaction and repeat purchase intention.
- b. **Housekeeping Maintenance and Cleanliness Are Weaknesses:** Maintenance problems (25%), cleanliness issues (20.8%), and pest issues (20.8%) indicate problems in daily inspections, cleaning processes, and pest control.
- c. **Front Office Service Attitude Requires Improvement:** Poor staff attitude (16.7%) reflect deficiencies in staff training, service standards, and incentive mechanisms.
- d. **Inadequate Facility Reliability and Comfort:** Frequent mentions of facility malfunctions, noise, and ventilation issues affect the core accommodation experience.
- e. **Low Transparency and Communication Efficiency:** Booking errors, unclear information, and refund problems indicate poor communication and opaque processes between the front office and customers.

3.2.4 Visual Evidence & Operational Implications

Overall, the visual evidence suggests that Saiyuen's marketing images are broadly consistent with the on-site reality, particularly in four key areas: the natural environment, accommodation exterior, interior presentation, and BBQ area.

Figure B4-1 Outdoor setting (Official vs guest photos of the campground lawn)

Figure B4-2 Tent layout (Official vs guest photos of the African Safari Link)

Figure B4-3 Interior presentation (Official vs guest photos of Sunset Vista)

Figure B4-4 BBQ & outdoor dining activity (Official vs guest photos of the BBQ area)

However, some details reveal operational shortcomings. Guest photos showing visible stains in toilets, faded and old tent exteriors with mold growth, and dirty mattresses and pillows directly contradict the conditions depicted in official images. Accordingly, we infer that housekeeping and maintenance standards are currently focused on routine upkeep rather than consistent, detail-oriented perfection.

4. Recommendation

Based on the audit findings, the following three recommendations are prioritized to address key operational gaps in Front Office and Housekeeping management, directly linked to guest satisfaction and perceived value.

a. Housekeeping: Implement a Tiered Quality Control System

To directly address the severe price-value mismatch cited in over 50% of negative reviews, housekeeping must enforce a rigorous digital inspection system. A mandatory daily checklist for all units and shared bathrooms, verified by photos and supervisor sign-off, must be supplemented by a scheduled weekly deep-clean. This embodies principles of quality assurance and preventive maintenance, ensuring physical conditions consistently justify pricing. However, there is a risk that increased inspection requirements may lead to checklist fatigue or superficial compliance during peak periods; this can be mitigated through random spot checks and periodic supervisory audits.

b. Front Office: Formalize a Service Recovery Protocol

To counter complaints on staff attitude (16.7%) and communication failures, Front Office needs a structured service recovery framework. Staff must be trained and empowered to offer immediate, standardized compensation for verified failures, while proactively managing expectations about facility limitations. This aligns with principles of effective complaint handling and guest relations management to restore trust and reduce public negativity. Potential risks include inconsistent compensation decisions or perceived abuse of recovery benefits; these can be controlled through clear empowerment levels and documentation requirements.

c. Inter-departmental: Institute Daily Cross-Functional Briefings

To bridge operational gaps, a 15-minute daily briefing between Front Office and Housekeeping supervisors is essential. Covering room status, priority arrivals, and guest feedback, it ensures real-time coordination and shared situational awareness, preventing service delays and enhancing overall experience delivery. There is a risk that daily briefings may become routine or be skipped during peak operations; management oversight and agenda-driven meetings are required to maintain effectiveness.

5. Conclusion

Saiyuen Adventure Park has a relatively strong product foundation, and online feedback generally recognize its natural environment, family-friendly activity set-up, and overall atmosphere. However, this audit shows that dissatisfaction is mainly concentrated in three areas. First, there is a clear “price–value” gap in some accommodation options, as guests believe the on-site standards do not support the expectations associated with premium pricing. Second, service delivery related to rooms operations is not stable enough, especially in cleaning and maintenance, with recurring issues such as inadequate cleanliness, ageing and worn facilities, and pest problems. Third, front office communication and service recovery still need strengthen, as reviews repeatedly mention unclear information, friction in booking and refund processes, and inconsistencies in staff service attitude. If these issues can be addressed as priorities, it will help reduce avoidable fluctuations in the guest experience and bring the accommodation experience closer to the expectations conveyed by the Saiyuen brand.

The report also concludes with three prioritized and actionable recommendations. Each recommendation specifies the issue it addresses, the intended impact and key execution points, so that the proposals can be translated into day-to-day management for Front Office and Housekeeping teams.

POSITIVE ONLINE REVIEWS

ID	Platform	Date	Rating	Main Themes	Category	Original Comment
1	Klook	2025/11/9	5.0/5.0	relaxing environment, comfortable stay, clean facilities, convenient access, friendly staff attitude	ENV, HK, FO	"This is my second time; the experience was amazing. It feels very relaxing and comfortable after entering the camp, we all had a great time and plan to come again. Most importantly, the staff's attitude was great. It's a really nice place, clean and easy to reach."
2	Klook	2025/2/2	5.0/5.0	better-than-expected tent quality, in-tent bathroom, kids enjoy facilities & BBQ, price high in CNY peak	RM, ACT, VAL	"The tent and facilities turned out to be better than expected. I like Fantasy where the bathroom is inside the tent. The kids love the facilities and BBQ. The only thing is it's a bit overpriced during Chinese New Year; it's much better value to come in non-peak periods when the price is almost three times lower."

3	Klook	2024/12/23	5.0/5.0	unforgettable family glamping, first glamping experience, lots of activities, goats, plan to return	ACT, ENV	“This was an unforgettable time for me and my whole family and also our first glamping experience, so we were very pleased with everything. Our friends booked another tent with a private BBQ grill, bonfire and swing, so we got to enjoy those too. The goats woke us up the next morning which was very cool for the kids, and we explored the whole park with koi fish and other sights. I recommend going to Sai Yuen and we’re already planning our next visit.”
4	Klook	2025/7/4	5.0/5.0	central location inside campsite, convenient covered BBQ area, in-tent bathroom, clean facilities, many mosquitoes, lack of kids’ amenities	ENV, RM, ACT, HK	Translation from Chinese: “The ‘Xia Se’ tent is in the centre of the campsite. After walking across the grassland you can quickly reach the covered BBQ area, and the bathroom and toilet are built inside the tent, which is convenient and clean. The children really like the nearby BBQ area. However, there are quite a lot of mosquitoes in the campsite; even with mosquito repellent the effect is not very strong, so you need to be mentally prepared. If there were more small stools inside the tent and pillows and slippers for children, it would be even better.”
5	Klook	2024/8/26	5.0/5.0	excellent Mongolian Ger, sea view, very spacious tent, big comfortable beds, private BBQ & washroom,	RM, ENV, ACT, VAL	“Always go for the Mongolian Ger – five stars. We first booked the American Teepee and were disappointed (outside looked faded and a bit mouldy, inside small and with a trapped smell and many

				American Teepee disappointing		bugs), so the reception kindly helped us change. The Mongolian Ger has a sea view, two huge beds and even a dining table inside, plus a separate washroom and BBQ area. Much more comfortable and worth the money.”
6	Klook	2024/11/13	5.0/5.0	satisfying luxury glamping, well-equipped tent, very clean, convenient private BBQ, kids love activities	RM, HK, ACT	Translation from Chinese: “We were lucky with the good weather and had a very satisfying luxury holiday experience. The tent is well-equipped and very clean, and having our own BBQ grill is very convenient. The children really enjoyed the ‘monkey-climbing’ activity and the charcoal-grilled egg waffles. We hope to come again next time.”
7	Klook	2025/4/13	5.0/5.0	nature experience, many activities for kids, BBQ available, dome house comfortable but bathroom inconvenient in heavy rain	ENV, ACT, RM	Translation from Chinese: “Sai Yuen is a great place to get close to nature. If you have children, there are many suitable activities and you can have BBQ. There are many campsites. This time we booked the dome house; because the dome site and its private bathroom have no roof cover, going to the bathroom at night when it rains heavily is a bit troublesome. Also, the shower room and toilet next to it are quite small.”
8	Klook	2024/12/30	5.0/5.0	easy-to-find location, convenient access, complete facilities, private bathroom, private BBQ, BBQ tools provided	ENV, HK, ACT	Translation from Chinese: “After arriving at Cheung Chau, it is very easy to find Sai Yuen. You can take the ferry and then walk, or just walk. The facilities are complete, with private washrooms and private BBQ

						areas. Charcoal and tongs are also provided for BBQ, which is very convenient.”
9	Klook	2023/1/31	5.0/5.0	unique rustic accommodation, enough play & BBQ facilities, kids can feed goats, overall very worthwhile	ENV, ACT	Translation from Chinese: “It offers a distinctive, rustic style of accommodation. The play facilities and BBQ equipment are sufficient, and children can get close to the little goats. It is definitely worth a try!”
10	TripAdvisor	Jun-22	4.0/5.0	pleasant family environment, diverse camping options, superb kids’ facilities, good BBQ design, friendly & helpful staff, breakfast starts late	ACT, ENV, F&B, FO	“Family Adventure Stay. What a pleasant surprise – a great venue with a variety of camping alternatives (Mongolian Ger, Safari Tent, TeePee and Star Gazer) for the family to choose from. With individual BBQ areas by each tent and a large covered BBQ area for gatherings (covid compliant), this works really well. Facilities for the children are superb – climbing, treetop walks, rock abseiling, remote-controlled boats and massive lawns – it’s a one-off for Hong Kong. Only minor bugbear was the 9:30 a.m. opening for breakfast, so bring snacks for the kids. Staff were helpful, friendly and supportive.”
11	Wanderlog	11-Jan-25	5.0/5.0	wonderful camping, accessible, first-rate grilling facilities, pleasant restrooms, free drinking water	ACT, ENV, HK	“Wonderful camping. Accessible and first-rate grilling facilities are available, depending on the type of reservation. In the morning we saw sheep and birds near our tent. There is free drinking water and the restrooms are pleasant. You can bring and

						grill your own meals, and extra dishes, utensils, bonfire logs and BBQ essentials are available for a fee.”
12	Wanderlog	13-Apr-25	5.0/5.0	great nature escape, many outdoor activities, suitable for families and couples, meets expectations of experienced campers	ENV, ACT	“Having lived in Vancouver and Seattle, camping and going outdoors is a must for us to unwind from a crazy week. Sai Yuen is perfect for a day trip in nature with a constant rotation of activities and only 45 minutes by ferry from Central. After this experience we go back every year with the whole family as a way to relax and bond. If you enjoy recreational outdoor living like we do, Sai Yuen is always top of mind.”
13	Wanderlog	16-Jun-25	5.0/5.0	fun family stay in Fantasy tent, kids enjoy, good BBQ, sheltered area, would stay again	RM, ACT, ENV	“We had a great time staying in the Fantasy tent with our kids. The BBQ facilities were good and the area is sheltered from the weather. It was a comfortable and fun stay – we would stay again!”
14	Wanderlog	21-Apr-25	5.0/5.0	island camping away from busy streets, clean facilities, short walk to beach, quiet environment	ENV, ACT, HK	“Island camping away from busy streets. The town is about 20 minutes’ walk away along a nice path. The campsite is spacious and the facilities are clean and well maintained. A beach is just a few minutes’ walk from the campsite. Very relaxing.”

15	Wanderlog	28-May-25	5.0/5.0	romantic birthday trip, beautiful grounds, close to secluded beach, highly recommended	ENV, ACT	“I took my boyfriend here for his birthday and we had such a lovely time. It’s very close to a really secluded beach and the campgrounds are absolutely stunning. Would definitely highly recommend.”
16	Wanderlog	4-Jul-25	4.0/5.0	family- and kids-friendly, AC tents with toilets, clean campsite, swings & goats, many mosquitoes, price info	RM, ACT, ENV, HK, VAL	“@saiyuen_cheungchau glamping site is about 20 minutes’ walk from Cheung Chau pier. It’s perfect for family or friends’ getaways and very kids-friendly. The tents have air conditioning and toilets and you can book BBQ. There are water refill stations and two restaurants nearby. The tents and campsite were clean; we enjoyed the swings and play area in the evening and watched the goats in the morning over breakfast. There are tons of mosquitoes so don’t forget mosquito spray. Prices start from around 900 for a tent (4 adults).”
17	Google Maps	8 months ago on Google	5.0/5.0	unique glamping campsite in HK, fantastic staff, many activities for kids, lovely family break	ENV, ACT, FO	“I love this spot – it’s quite unique in HK. A wonderful campsite with glamping options, fantastic staff and so much for the kids to do. A really lovely family break.”

18	Google Maps	7 months ago on Google	5.0/5.0	wonderful place, kids-friendly, BBQ-friendly, awesome staff, very enjoyable	ACT, FO	“Wonderful place. Must go. Enjoyed a lot. Kids friendly. Barbecue friendly. Awesome staff. Surreal experience.”
19	Google Maps	2023 (on Google)	5.0/5.0	amazing campsite, many activities (treetop, abseiling, zip line), goats, attention to environmental impact	ACT, ENV, SAFE	“This was an amazing campsite. I was very impressed with the care and attention in all the details of the camp. There were so many things to do – the tree top canopy, abseiling and zip line were so fun. I loved the goats that wander everywhere. I was especially impressed with the care that went into the environmental impact of the camp. It was such a treat!”
20	Google Maps	2022 (on Google)	5.0/5.0	best camping experience in HK, option to bring own tent, great beach lagoon for kids, excellent place for children to explore	ENV, ACT, VAL	“The best overall camping experience we’ve had in HK. We bring our own tent, but they have everything you might need if you’re OK to spend money on rentals. The beach is 5 minutes’ walk away and has a wonderful lagoon that’s perfect for little ones. The whole facility is an amazing place to bring children and let them run around and explore.”
21	Google Maps	a week ago on Google	5.0/5.0	big site, dome house size, private toilet & shower, some cramped bathroom space, extra charges, fun overall	RM, ACT, VAL	“It’s fairly big, but not much for adults! The domed house is huge with a private toilet and shower area inside. It’s a little cramped in the toilet and shower, but everything else is great. Remember to bring cash – many things cost extra. Or bring your own camping gear.

						The domed house includes a BBQ grill, charcoal, two large plates and two tongs. We had a lot of fun!”

Lost a loyal customer because of terrible staff.

This is the 4th year our family of 4 has gone to this establishment to celebrate. This time, we went during the Christmas period (24-26/12).

Accommodation:
The African Safari Tent (L) was a bare room of just beds, with an air conditioner/heater and 4 USB ports. The Mozzi guarded doors didn't come with their own string to tie up, so we used our own spare shoelaces to tie the doors up. Overall an average camping accommodation, which is easy enough to achieve, as a camping experience should have the bare minimum.

Service:
The way the staff treated us was terrible.

We always booked a tent with a barbecue pit so it was on us for not realizing this specific package didn't come with one, and we already brought all our own raw food. Yet surprisingly when we asked about where to get some extra items, they simply responded with "You should have gotten your own", and when pressed on, they started arguing with us, which was extremely unprofessional.

Furthermore, We kept all our areas tidy and clean and even cleaned after we finished using the services we paid for. Despite this, the last thing they said when we left was to other staff, telling them to check whether we scratched any tables as we were "the family".

The way we were treated is not something you want your family to experience during Christmas, and they've just lost a loyal customer.

 **Insider tip:** Don't expect anything fancy for a camping experience. Make sure you leave the water running on the leftmost side for at least 5 minutes.

The room was rather hot despite the air con being on full blast, and the bed was broken. To be honest, the other amenities weren't half bad, and the staff is pretty nice...but for this price I'd expect the environment to be a lot better. The location is rather far from the harbour as well. Unless you are a huge fan of nature and hikes, save your money for something better.

Dear Ivan,

Thank you for taking the time to leave an honest review and for your feedback on our activities and staff.

We take your comments about cleanliness very seriously. Since encountering insects is an unavoidable part of the camping experience, we do our best to manage this with thorough and regular cleaning. While also taking a chemical-free approach to protect human health, preserve local land and water ecosystems, and protect other wildlife that visit Saiyuen.

Most importantly, we treat any mention of bed bugs with the highest urgency. Since we are unable to locate a record of your stay under your name, sharing further details of your visit (booking name, date, tent, etc.) would help us investigate the matter. You may contact us directly at [chi\[at\]saiyuen.com](mailto:chi[at]saiyuen.com).

We hope to have the opportunity to address your concerns directly. We value all guest feedback as it helps us maintain cleanliness standards in a natural setting.

Dear NAP,

Thank you for taking the time to share your feedback with us. We sincerely apologize for the issues you experienced with the room temperature and the bed as this is certainly not the level of comfort we aim to provide our guests. Your comments will be shared with our team to ensure these concerns are addressed promptly. We're glad to hear you enjoyed our amenities and found our staff to be friendly, but we regret that your overall experience didn't meet your expectations, especially given the price. We appreciate your honesty, as it helps us identify areas for improvement.

Regarding the location, we do pride ourselves on offering a peaceful getaway surrounded by nature, though we understand it may not be ideal for guests looking to stay closer to the pier and to town. We hope you'll give us another opportunity to welcome you back and provide the relaxing stay you dreamed of.

总是选择 Mangolian Ger。五星级。最初预订的是 American Teepee。非常令人失望。帐篷外面已经褪色，还长了一些真菌，而且很小。里面很干净，但没有通风，所以当你进入时，会闻到明显的气味。周围有很多植被，所以有很多虫子和蚊子。接待人员非常友善，当场就帮我更改了预订。非常感谢。Mangolian Ger 有海景。2 张大床。里面甚至还有一张餐桌。外面有独立的洗手间和烧烤区。和家人在这里度过了美好的一晚。早上要小心山羊。

「霞赏」位于营地中心，经过草原很快可以步行到有盖烧烤场，而且浴室及洗手间建在帐幕内，比较方便及清洁。孩子很喜欢烧烤场附近的游乐设施，日间可以近距离接触羊群，另外付费参加的活动「野外叫化鸡」及「趣脆鸡蛋仔」对小朋友也是一个很好的体验。但要注意营地比较多蚊，即使喷了蚊怕水作用也不大，要有心理准备。如果帐幕内可以安排多一些台凳，及提供小朋友的枕头和拖鞋就更加好了。

約了六人用的營，比較圖片及想像中細。四人入住只是啱啱好。知道是共用浴廁，程度有待改善。

The equipment is too simple, the shower facilities are dirty, the transparent film inside the tent is very thin, it seems that no one has cleaned it for a long time, and you can't see the sky

設備太過簡陋，沖涼設施很污糟，帳幕裏面的透明膠片很薄，像很久沒有人清潔，不能看到天幕

This safari tent is terrible it's got nothing about a few beds in it. I don't think the price u pay is justified. Won't do it again

🏕️ 帐篷：网上最火的是星空营🌟但那个特别难订，提前一个月都很难订到🌟友情提示🌟星空营并非屋顶透明，而只有小部分的透明顶棚可以观星。我的实地考察发现!! 加大南非营（2个双人床，2个单人床）!! 完全不输星空营，性价比高，空间大，有空调，还有独立卫浴（glamping实锤）哦🐼

✅ 房间内提供拖鞋、毛巾、洗浴用品、吹风机、USB充电口以及蚊香。独立卫浴热水也很充足🐼

✅ 营地设有小卖部物资较齐全，有需要的小伙伴可以入住后购买

❌ 虽然设有防蚊帘，但帐内时而还会有蚊虫🐼

❌ 隔音效果欠佳，夜晚北风呼啸，平时睡着雷打不动的我都醒了几次🐼下次我戴耳塞!

🎒 建议携带：防蚊水 / 防晒霜 / 野餐布 / 打火机 / 咖啡胶囊（营地有胶囊咖啡机） / 毛巾 / 耳塞 / 酒水饮料小零食 ~ 飞盘扑克小音箱 ~

【费用】

一月预订时“星海之森”为\$3200一晚。

🏕️【不足】

性价比不高，毕竟这个价格完全可以住酒店了。而且感觉一直在加价。写笔记时一查，几个月后的星海之森收费已经是\$3500了。🐼

我們住印第安營

營內空間不大，大人在裡面也不可完全站立 😊

不過當時貪這個營比較特別就訂了

價錢其實也不便宜…

下次的話我會選南非營 😊

而吐糟位係基本上所有設施也乾淨

除了廁所是共用，多人用時也頗污糟 😊

浴室去水也不是很好 😊 😊

營內有放山羊時間

但有些山羊也不太乖也不怕人

會走向你的枱胡亂找食物吃

趕牠們走也不會即時走，有點嚇人 😊 😊

最後離開當天早上可以在村附近騎單車

回家前在長洲走走也不錯 😊

長洲輕奢週末

1. 中環坐船到長洲，快船40分鐘，慢船一小時，有時有加班船
 2. 西園營地，很適合輕奢露營體驗，環境不錯，但是，如果你碰到旁邊營地是開P的，可能會徹夜難眠
 3. 早上走一圈，有徒步路線有沙灘，玩單車三輪車，可以玩一個早一個下午
 4. 小船可以由渡輪碼頭載你到張保仔洞那邊，當然費用就有點貴了，我們四個人來回150元，可以去嘗試議價的

还行吧

Staff did not provide or inform us who to look for during emergencies. At night one of the folded bed provided is cracked and cannot be slept. Nobody to look for, luckily we have extra bed from another tent. Told the admin the real situation but they still not believing us and took one hour to return refund to us during check out! Unbearable!

Very poor service. The staff is very unfriendly and not helpful. They do not try to solve problems but to squeeze money from customers. Certainly will not go back again. Will not recommend this camp to everyone.

極唔方便，多蚊，價錢一晚又唔平。一打開洗手間，俾裏面既環境嚇左一下。只能說裏面空氣好，清淨。

性價比不高

7月 02, 2018

1700多一晚的4人帳篷沒有空調，夏天來絕對是個錯誤選擇。遊戲設施基本都要另收費，費用不低。

房間還不錯，但攜程提供的房型不全。我們一位以為定的星空房其實不是。到了後才看着環境換了星空房，加了400塊。其次是前台的態度真的是這個地球上見過最差的，沒有之一！

The room was ok, but the room types provided by Ctrip were not complete. One of us thought we had booked a starry sky room, but it was not. After we arrived, we changed to a starry sky room based on the environment, and it cost an extra 400 yuan. Secondly, the attitude of the front desk was really the worst I have ever seen on this earth, no doubt about it!
